

Crestline Service Systems Pvt Ltd

Technical and commercial proposal for Kalpavriksha Retail Ltd, tender KRL/CX/2026/027

Customer support platform for 214 stores, the online store and 620 support agents

1. Solution overview

HelpStream runs on Microsoft Azure in the Central India and South India regions with active-active failover. The platform handles voice, WhatsApp, Instagram, email and store callbacks in one agent desktop and has been load-tested to 1,800 concurrent agents.

Order, return and refund lookups use our certified connectors for Microsoft Dynamics 365 Commerce and Shopify Plus. Single sign-on is through Azure AD, and the loyalty programme is reached through documented REST APIs.

2. Delivery plan

Phase	Weeks	Exit criteria
Discovery and design	1-5	Signed design, data migration plan
Build and integration	6-14	Dynamics and Shopify tests passed, UAT sign-off
Pilot with 20 stores and online	15-18	Service level met for 3 weeks
National rollout	19-28	All 214 stores live, hypercare closed

A named programme manager (PMP) leads a team of 14. Risks are tracked in a joint register reviewed every two weeks with the KRL PMO, and each risk has an owner and a due date.

3. Commercials

Item	Amount (INR)
Implementation (one time)	2,40,00,000
Subscription, 620 seats, per year	1,86,00,000
Three-year total, excluding GST	7,98,00,000

Prices are fixed for three years. Travel is included. Additional seats are charged at INR 2,500 per seat per month.

4. Security and compliance

Crestline holds ISO/IEC 27001:2022 certification, a SOC 2 Type II report for 2025 and PCI DSS 4.0 for the payment link feature. Customer data is encrypted with AES-256 at rest and TLS 1.3 in transit, stays in India, and access is logged and reviewed monthly. We comply with the DPDP Act 2023.

5. Support and references

Support is 24x7 with a 15-minute response for priority 1 incidents and a named service manager. References: Tanvi Home Decor (340 agents, live 2024) and Coastline Footwear (210 agents, live 2023); contacts are listed in Annexure B.
