Ref: KRL/CX/2026/027

Dear Sir/Madam,

Thank you for the opportunity. We are a young team and we can set up a contact centre tool for your stores quickly. Our cloud product supports calls and chat and we can add WhatsApp later. Integration with your order system can be discussed after the order.

Timeline: about 8 weeks from purchase order. Team size will be decided at kick-off.

Price: INR 1,100 per agent per month, all inclusive. No setup charges.

Payment 100% in advance every quarter.

Security: our servers are secure and we follow best practices. Certifications are in progress. Support is available on email during office hours.

We have worked with two local shops in Pune (about 40 agents in total).

Regards,

Rahul Deshpande
